12-25-12

SOCP

Today 12-25-12 over all summer is the hole situation. I had trouble with inmates. In some inmates had relations with cops, these guys were mad at me cause they didn't look like it cause I tried to do the right thing and wouldn't do what they were doing. I got into the program and church, they hated me and they wanted to get me. I ended up taking a look in a lock after one guy and I went home after doing some in the hole. A PACE, I've been here since 10-5-12 I was put on J-3 and right off I started having trouble with guys that came from PCE, cause these duds was there and I had a the cops on me to cause those guys told them I raped a little girl and the real reason was I disrespected <sup>an A-B</sup> a cop boy and those guys hated me cause I'm different. I just do my my time and don't say a thing and I am being treated like shit that I should be killed in here and raped, there are two guys in here on K4 nickname Gargi daup and Carl minor, they are in with the cops real well and they are trying their best to get me beat down and rape and their whole motive is to get me in the shower to fuck me. Carl minor is the one with the more influence over the hole thing, every sex case that comes here they kill or punch out beat down real bad and ride me out. This whole place is in together on this, the reason I believe that is cause every branch of the PCE I've contacted about my safety has resulted in failure I don't know how much longer I can stay alive in this place, I don't know who's I can go to about it, I'm on a block and I'm being mentally tormented every day there. In the block try to get the cops let them come in my cell get me the cops know the camera is on partly outside of the block, so they are going to cuff me up and put me in the shower off camera, I've tried to go on PC and they won't let me the cops and inmates tell other stuff I've got to get a ass like and punked out first but these guys are going to kill me if they get in here, they got shanks a guy beside me has one on both sides of me, I know I will be murdered if I don't get help soon, I know I've done wrong in the past

But I'm not the same man I was 20 years ago, I have a job now and I have  
now a family. I have a son. I have a daughter. I have a wife. I have a life.  
About 20 years ago, you were a man. You were a man. You were a man.  
OK, well, I am not a man. I am not a man. I am not a man. I am not a man.  
With this, I am not a man. I am not a man. I am not a man. I am not a man.

Thank you very much.
